CHAUTAUQUA FOR NEXT YEAR SURE

REDPATH-VAWTER SYSTEM WILL PROBABLY BE USED AGAIN.

25 GUARANTORS WILL BACK 1916 ATTRACTION

Nearly Enough Business Men Had Pledged Protection Today—Promise Almost New Program.

The Maryville seven-days chautauqua will end tonight in one grand climax. That it has been a highly entertaining as well as an instructive one to the thousand and more who have attended, is denied by none. As to whether the Redpath-Vawter Chautauqua System will return next year, to put on the chautauqua is not yet definitely decided, but everything indicates now that it will. Nearly all necessary guarantors had been secured this morning. Twenty-five are required. There may be more.

While by placing on a chautauqua independently, talent more adaptable to the community might be secured, yet nearly every phase of entertainment as well as instruction and inspiration, has been covered in the seven-days chautauqua given the past week by the Redpath-Vawter System. The children have been appealed to and aided by the Junior chautauqua, just as much as the adults.

Promise Nearly New Program.

With the chautauqua down town, instead of at the Normal Park, more business men and clerks have been enabled to attend the morning and afternoon entertainments, and also has been more satisfactory all around, it appears. It will probably result in next year's chautauqua also being down town, unless the weather at that time is more certain, than it was this year.

That Maryville will have a week's out door lyceum in the summer of 1916, there is little or no doubt. It is a necessity for any live community or dead one either for that matter. In fact a larger community perhaps needs a chautauqua the more.

If the Redpath-Vawter System is used again next year almost an entirely new program is promised by Keith Vawter of Cedar Rapids, Ia., one of the officers of the chautauqua firm, who was in Maryville today. Bohumir Kryl and his concert band will return of course, for it is one of the biggest attractions, and perhaps some of the old "stand bys" but most of the numbers for 1916, will be new Mr. Vawter said.

Gave Everything Promised.

Maryville reluctantly bids goodbye tonight to its seven-days chautauqua, which has been well above the ordinary. What is a far greater commendation, however, is the fact that not a single number so far has been canceled or postponed and every entertainment has been begun on schedule time.

There were no last-minute cancelations of some of the best numbers and when a number was announced to begin at 7:30 o'clock or 2:30 o'clock, it really began on the dot, and not an half-hour later, as is the case in most entertainments.

TO JOIN MILITIA HERE.

Six Hopkins Young Men Come Into Company F for Encampment.

Six Hopkins young men have been secured for Company F, Fourth Regiment, National Guards here, according to Mr. Hanna, recruiter. They are William Grammar, Ray Mahan, Bert Davis, "China" Wilson, Samuel Tatman and Mack Claver.

They will join Company F, here in time for the annual encampment of the Fourth Regiment at Kansas City on September 6-12.

Move to Fourth Street.

Mr. and Mrs. W. F. Smith are moving this week into the Joy residence at 402 East Fourth street, recently vacated by the Frank Shoemaker family.

RINGLINGS MAY NOT COME

Lack of Half of $200 Fund Bars Big Circus Attraction Here Next Month.

With but $96 of the necessary $200 pledged at noon today, to insure the appearance of Ringling Brothers' Shows here the latter part of September, indications are that the shows will not appear in Maryville this season. The entertainment committee of the Commercial Club composed of Albert Kuchs, chairman, Frank Shoemaker and Edward Keck, solicited quite extensively over the business section of the city yesterday, but secured but $96 in subscriptions and pledges.

Mr. Petit, advance man for the show firm, who was here a few days ago, stipulated that the shows would come here next month if there would be no city license or lot rental to pay. As the city license costs $100 and a suitable tract to show on would cost $100, it is up to the city or leaders in civic enterprises to raise $200.

The Ringling shows cover eleven acres, so that it would be almost necessary for them to show on the Beal or Harrison tracts east of the city, as the Holt tract, north of the Wabash passenger station is not quite large enough.

The show firm proposes to pay both county and state license. The county license would cost $75.

WOULD CLOSE PUBLIC SCHOOL

Board of Star of the West, Near Sheridan Vote Aug. 19 to Discontinue —Have Four Pupils.

The school board of the Star of the West school district, near Sheridan, was granted permission by County School Superintendent Bert Cooper this morning, to hold a special election Thursday, August 19, to vote on a proposition to close that school next term. The board consists of D. E. Brogan, clerk; William Toots, president, and Bert Dowis.

It is proposed to close up that school next term and have the three or four pupils in the district, attend school in either Sheridan, or the Luteston or Long Star districts adjoining.

There were but six pupils last term and will be less this time, the board said. Miss Dora Smith of Wilcox, taught that school last year. No teacher has yet been chosen to teach there this next term.

It said the proposition to close the Star of the West school will carry.

APPEAL TO MEXICO

PAN-AMERICAN DIPLOMATS APPROVE NOTE TO WAR LEADERS.

WILL BE SENT AT ONCE

South and Central American and U. S. Conferees Defer Further Meeting. Do Not Desire Intervention.

New York, Aug. 12.—The Pan-American conference adjourned after having approved the appeal to the Mexican factions, which will probably be dispatched today, following a conference in Washington of President Wilson and Secretary Lansing.

At the conclusion of the conference Secretary Lansing said:

"The conference agreed on a form of note to be sent to the different factions in Mexico urging them to compose their differences, and we have also agreed on the policy we will recommend with reference to a movement in Mexico."

Secretary Lansing said there would be further meetings of the conferees. He did not think, however, another meeting would be held until after some reply had been received from the Mexican factions. The secretary added that American intervention was not desired in the conference.

The appeal expresses the views of their several governments that the conditions of chaos in Mexico had injured the prestige of the nation abroad and asks the Mexican leaders and generals to make a supreme effort to bring together all elements in the creation of a provisional government that can be given world-wide recognition.

There was no discussion in fact of eventualities, notwithstanding that press dispatches reported Carranza's outspoken objections to the Pan American methods of settling Mexico's struggle.

FEAR RACE WAR IN TEXAS

Ten Men Killed In Fights With Bandits Along Border.

Brownsville, Tex., Aug. 12.—Practically every American citizen in the three southernmost counties of Texas, Cameron, Hidalgo and Starr, is under arms, in fear that the overwhelming Mexican population of the section may break out in a racial fight.

Little lessening of activities on the part of Mexican ranch raiders in the Rio Grande valley was indicated in reports reaching here, which told of numerous attacks by the bandits and of several battles between the Mexicans and soldiers. Ten more men were reported to have been killed in the fighting, bringing the death list since the commencement of the outrages by the raiders up to nearly twenty.

The ten men reported dead included one United States trooper, four Americans, believed to be members of the bandit bands, and five Mexicans.

Brigandage Is Result of Texas Feud.

Washington, Aug. 12.—General Funston reported to the war department that the best information he can gather indicates the brigandage in Cameron, Hidalgo and Star counties, Texas, was caused by Texans with headquarters at Brownsville, who, having a political feud, sent bandit gangs to rob and attack each other. The majority of those engaged in the lawlessness were residents of the United States, although some are known to have come from the Mexican side.

Villa Presents Currency Proposal.

El Paso, Tex., Aug. 12.—Representatives of the foreign mining interests in Villa territory in Juarez were presented a proposition by General Villa to pay their employees in Villa paper currency, revoking a recent decree requiring payment in silver.

ENTERTAINMENT PLEASES CROWD

Rev. Father Patrick Cummins Lectured at Burlington Junction.

The lecture given Monday night at the Johnson opera house at Burlington Junction by the Rev. Father Patrick Cummins, was attended by a large and interested audience.

Ort F. Wilson, in a very pleasing manner, introduced the speaker. For over an hour, the Rev. Father Cummins held the earnest attention of his audience by his able exposition of education from the Catholic view point. His subject was "Conception Abbey and Higher Education" and those who heard the lecture were unstinted in their words of praise.

The music of the Rev. Father Raphael, who gave the piano program, was greatly admired and appreciated and his part of the evening's entertainment shared honors with that of the speaker.

Mrs. Bowsher Here.

Mrs. Porter Bowsher of Leon, Ia., will arrive in Maryville tonight to visit Mr. and Mrs. Roy Collins. Mrs. Bowsher was formerly Miss Una Daugherty of this city.

BOOSTERS PLAN FAST GAMES

Maryville Nine Plays Barnard Today, St. Joe Team Tuesday, Easton, August 19.

Some mighty nifty baseball games are in the offing and will be shown to Maryville fans within the next week. One will be played this afternoon at the Normal grounds between the Boosters and the Barnard team.

The next on the program—one that will be witnessed by the largest bunch of fans, fanettes and rooters of the season—if the weather is favorable, is scheduled to be shown at the Federal park next Sunday afternoon, beginning as the clock strikes 3. The battle will be staged by the Federals and the Stanberry Red Sox, the bain and fear of every ameteur baseball team in northwest Missouri.

Two days after that, August 17, the Boosters plan to take on the St. Joseph All Stars for a game at the Normal grounds, while two days after that, August 19, the Easton Catholic team is scheduled to come.

The line of both the Federals and the Boosters are being materially strengthened and every thing now points to four "cracker jack," baseball games on the two Maryville diamonds for the week, beginning today.

Right along with this extra bill of diamond artistry, comes the announcement, as mentioned yesterday by the Democrat-Forum, that the Federals will be one of four baseball teams to engage in the three-days tournament at Hopkins, which begins August 18.

TO LECTURE ON RURAL LIFE

Rev. C. R. Green of Harmony, Will Make Ten Day Tour of Greene County.

The Rev. C. R. Green, pastor of the Harmony church will start Monday on a ten-days lecture trip through Greene county, speaking each afternoon and evening on rural community organization.

Sunday, August 22, Mr. Green will preach at the First Presbyterian church at Springfield Mo. The evening lectures given by Mr. Green will be illustrated and will deal with rural church and community life.

Mrs. Green will accompany her husband and will visit friends in Kansas City, during the lecture period and later they will go together on an outing trip in the Ozarks.

PARCHER TO OREGON SCHOOL

Normal Graduate Will Head Manual Training Department at the Dalls.

Philip Parcher of this city, who was head of the manual training department of the Argenta, Ark., public schools last year, has been elected superintendent of a similar department in the public schools of The Dalls, Ore.

Mr. Parcher is a graduate of the State Normal school in the spring class of 1914. This past summer since the close of his work at Argenta, Ark., he has been attending the summer term of the normal at Corvallis, Wash., studying with Prof. Frank Shepherd, formerly an instructor in the normal here. Mr. Parcher was re-elected to his position at Argenta but has decided to take the western one. His mother, Mrs. Edna Parcher, who is now visiting relatives in Maryville will go with him to make her home at The Dalls, leaving about September 15.

TO SPEND YEAR IN WEST

Miss Josephine Keeler Will Start Tomorrow for Extensive Tour.

Miss Josephine Keeler, the daughter of Mrs. P. Keeler of South Main street, will leave tomorrow morning for a year's abesnce in the west. Miss Keeler will go in company of her uncle and aunt, Mr. and Mrs. L. J. Brady of St. Joseph, who are going to Everett, Wash., to make their home.

A large portion of Miss Keeler's time will be spent at Everett and with her sister, Madame Laura Keeler, a member of the Sacred Heart sisterhood living at San Francisco, Cal. She will visit all the chief places of interest in the west before returning home.

GEORGE DAVIS SEEKS DIVORCE.

Maryville Man Says Wife Deserted Him After Being Married 6 Months.

A suit for divorce on the grounds of desertion was filed in circuit court today by George Davis of Maryville, against Sarah Davis. He says they were married December 8, 1913, and that she left him June 2, 1914.

TO RECEIVE THE ORATOR

Reception Committee Will Meet Former Secretary of State at Train. Chautauqua Ends Tonight.

Tonight's Chautauqua Program.

7:15 p. m.—Costumed exhibition of children of countries visited by The Junior Chautauqua Bunch.

7:30 p. m.—Sam Schildkret's Hungarian Orchestra.

8:00 p. m.—Address by William Jennings Bryan.

Today is the final one—the big day of the Maryville chautauqua. It began at 2:30 o'clock this afternoon with a concert by Sam Schildkret's Hungarian orchestra, followed by an address on the negro race question by United States Senator James K. Vardaman of Mississippi.

But the biggest crowd of the entire seven-days entertainment will be congregated on the Washington (central) school grounds tonight when a triple-bill is scheduled, with William Jennings Bryan, formerly secretary of state, ending the entertainment with an address on "Peace."

These Will Meet Him.

Fred J. Yeomans and Ed. G. Orear went to Stanberry this morning to meet Mr. Bryan and accompany him back to Maryville tonight. He is expected to arrive on the Wabash passenger train No. 3 at 7:20 o'clock tonight.

Among those comprising the reception committee which will go to the Wabash station to meet Mr. Bryan and return up-town and to the chautauqua with him are: Dan R. Baker, chairman; Mayor U. S. Wright, Circuit Judge W. C. Ellison, George Robb Ellison, W. A. Blagg, James Robinson, S. G. Gillam, George L. Wilfley, George Baker, Ed Williams, Bruce Montgomery, E. C. Cook, John Dawson, J. F. Cook, Arthur Robey, Edward Otis, Ol Holmes, Thad Wilderman and James Todd.

Mr. Bryan will be introduced to the chautauqua audience by Fred B. Wolf, superintendent of the Maryville chautauqua. Mr. Bryan's manager will accompany him.

The first number tonight will be a costumed exhibition of children of the countries visited by the Junior chautauqua bunch, followed a quarter of an hour later by a concert by Sam Schildkret's Hungarian orchestra.

THE KAFFIR BOYS

But one of the most able and worth while addresses of the entire chautauqua is being delivered this afternoon by Senator Vardaman.

Discusses Negro Race Question.

As an individual Vardaman is unique, and in a class by himself. He combines the great human sympathy, the strong heart, sound common sense and homely philosophy of Abraham Lincoln; the fire and bluntness of Senator Tillman of South Carolina, without Tillman's crudities of exprression, together with an ability as an orator which places him in the class with Ingersoll, Grady and Ingalls. Yet, his oratory, his manner, his personality, are all his own.

In his lecture, "The Impending Crisis," he delivers a masterful treatise upon that most absorbing question, the race problem. Senator Vardaman knows his subject. He has gotten his materials first hand; he has lived among the negroes and has studied them for years; intensely interested, he began long ago to try to find the answer.

All that history, or the latter day writings of authorities could give, he took, and assimilated, and applied to present day conditions, and then in the light of his own observation, extending over twenty-five years, he began to evolve his own ideas about it. Upon these ideas he was elected governor of Mississippi and later to the United States senate.

Knows His Subject Well.

Senator Vardaman was abused at first; he was called an agitator, an alarmist, a fire-brand. Today what he has to say on the race problem is listened to with keen attention. Combining all the knowledge of writers on this question, from the dawn of history to the present time, applied and measured by personal observation and first-hand knowledge.

For several years the name of James K. Vardaman has been a name to conjure with throughout the south. He has been in the United States congress long enough to impress himself upon the whole country, and now his people have elected him to the senate.

Vardaman's great reputation as a public speaker rests upon his address entitled, "The Impending Crisis." It is a keen analytical study of the race problem, a problem that everybody is willing to admit is yet an unsolved problem in America. Vardaman has gone into the question in a very thorough way and handles it in a fearless manner.

He is one of the nation's strong men. He is not a theorist and dreamer, but a great practical constructive thinker.

His stage presence is commanding, striking; his voice full and resonant, and capable of every shade of expression. Wit and keen and scintillant kind, humor which brings the ready smile; pathos which rends the heart-strings, are mixed and mingled with the great thoughts which compel attention and force the listeners to think for themselves, are all mixed and mingled in his great lecture.

Bryan Urges Peace Talk

The address by Mr. Bryan tonight will deal with a new topic—that of the necessity of American people to talk more peace and less war, to try to instill in their minds and the minds of their friends, a greater regard for peace and thereby create "peace-waves" instead of a blood thirsty "war-atmosphere."

Mr. Bryan will show in a general way what war in this country would mean, the young men it would claim, the hunger and privation it would necessarily create, the orphans and widows it would make, and the load it would throw upon future generations.

Bryan passed through Maryville at 10:30 o'clock this morning over the Wabash enroute from Council Bluffs, Ia., to Stanberry where he is speaking this afternoon. A delegation of Maryville citizens, some personal friends or acquaintances of Mr. Bryan, met the former secretary here this morning and accompanied him to Stanberry. They will also return with him tonight.

Pleads for Better Home Culture.

The chautauqua entertainment yesterday afternoon and last night was up to the average and in real instruction, it might be called better than usual.

S. Platt Jones introduced a new note and style in monologue entertainment. His funny stories, his readings and his impersonations kept the crowd cheerful.

The afternoon lecture proved to be a typical chautauqua presentation of keen and needed criticism of the follies of our time. The punch of Dr. Platt's lecture, as he put it himself, was the fundamental truth that God did not make a fool proof universes where everything was easy and plain sailing.

Mr. Platt was at his best when speaking of the need for brains in the twentieth century American home. Unless brains are in evidence here wreck and ruin appear in all sorts of unexpected places. The lecturer traced the outcome with regard to bodily health and vigor, and said that the presence of the medical examiner in the school was clear evidence that the home had failed to do its duty.

Kaffir Boys Make a "Hit."

Mr. Platt laid stress on the supreme need for character in man and woman alike when they set marriage bells a-ringing. When the honeymoon sets, if there is no spiritual basis for real union in real character and worth, the home is likely to be wrecked.

The most unique, interesting, instructive and inspiring thing upon the

URGED TO EQUIP FOR SCHOOL TERM

SUPERINTENDENT ASKS OBSERVANCE OF "CLEAN-UP" DAY.

GET SUPPLIES AND CLEAN-UP PREMISES

Bert Cooper and State Head Advises That All Institutions in Nodaway County Begin September 6.

A campaign for a general clean-up of school yards and premises throughout Nodaway county, prior to the opening of school next month, was launched today by County School Superintendent Bert Cooper, who has directed a letter to each member of the various school boards to that effect.

Howard A. Gass, state school superintendent, launched such a campaign, a few days ago, so that the move is universal throughout Missouri, or at least is expected to be. Superintendent Gass also called attention to the need of better public roads leading to the school houses, that pupils, who walk may be better commodated.

The request that all schools be begun at the same time, Monday, September 6, also is strongly made.

Clean Up Day Is August 28.

The letters being sent out to the school boards, reads, in part, as follows:

Will you please fill out the enclosed card and return it to me by the next mail in order that I may complete my records before school opens.

I recommend that you have your school begin September 6, if possible. Since we have a uniform course of study for the schools of the county, the work is more uniform when the schools begin on the same day. You are urged to attend the teachers' meeting in Maryville, August 30 and 31. The law requires all teachers to attend this meeting, so should you have your school open earlier than September 6, the teacher would have to lose two days in order to attend.

Notices of the compulsory school law should be posted fifteen days prior to the opening of school.

The state department of education has set aside Saturday, August 28, for "Clean-Up-Day" and urgently requests that the directors, patrons, teachers and pupils of each district assemble at the school and make the buildings and grounds sanitary and attractive to the end that physical and ethical betterment may result. Make full use of paint, calcimine, whitewash, broom and scrub brush. Let this meeting be for social uplift as well as for service.

Get Supplies Now.

The board should provide crayons, erasers, fuel, brooms, water cooler, wash basins, soap and other needed supplies at this time.

I wish to warn the teachers and boards against purchasing books, maps and apparatus from agents who may or may not use my name. The teachers can order direct from the company and thus save from 50 to 75 per cent on most articles.

Let us all work together and push the schools to their highest degree of efficiency this year.

Superintendent Cooper has announced that hereafter text books may be bought in Maryville at the news stand of W. G. A. Edwards, as the Graham-Latimer firm, has quit handling school text books. One dealer in each other town in the county will probably handle the school text books. Any number of dealers may handle them if they so desire.

To Visit in Wisconsin.

Mr. and Mrs. Edward W. Keck and daughter, Elizabeth, left at noon today for Kenosha, Wis., where they will visit Mr. Keck's brother, Lewis Keck, and family. They will stop later for a visit at Chicago.

The honor system in vogue at the Joliet penitentiary seems to result in considerable coming and going.

All the war countries say they are going to fight to the finish. The only question is, whose finish will come first?

The chautauqua furnishes not only a very cheap entertainment to purchasers of season tickets but it furnishes entertainments worth while.

There are a lot more married people than there are husbands and wives. Therefore the necessity for divorce courts.

The United States has been termed the waiting heir at the deathbed of Europe. Whether we fall heir to anything or not we would like to know that the funeral of militarism and murder is near at hand in the Old World.

According to Vice President Marshall's view there will be no great issues in the campaign next year because the people of this country are thinking only about whether or not we are going to keep out of the European war. There are no persons working themselves into a frenzy except men who want some office and next year we are going to have a bum campaign for the professional politicians."

The time seems to have arrived when it will be necessary for the little Balkan states to determine once for all whether they will unite and stand together against the larger nations of Europe or whether they will hazard their future by separate action. Servia was the spark dropped into the powder can that fired all Europe. Near her lay Greece, Bulgaria, Roumania and Montenegro. They once had it in their power to form an alliance that would have been formidable against any invader but they allowed their little jealousies over small tracts of territory to rule against their better interests and they fell out and fought among themselves. Now that the general conflagration is on, they are in a delicate and dangerous situation.

The Progressive party was three years old August 5, having been born in Chicago August 5, 1912. It had a marvelous growth and was big enough in three months to whip the Republican party. In 1914 it seemed to weaken from overgrowth and many thought that another campaign would see its end. It was said that if a Progressive-Republican should be nominated for the presidency next year that Col. Roosevelt would desert the ship of his own building and return to the folds of the old party. Col. Roosevelt, however, has issued a statement to the effect that he will remain with his progressive brethren and our friend, the Hon. Victor Murdock, says the Progresive party will be a live and virile organization to be seriously reckoned with in the next campaign. There is no question but it will continue to have a following just as the other third parties have continued to hold adherents for many years but just how strong it will be can not be even guessed at this time. It's a proposition that may furnish surprises or it may fall into inconsequential proportions. If Col. Roosevelt and Mr. Murdock and others can rejuvenate it and bring it back to fighting strength and health, the Progressive party may be an important factor in the campaign of 1916.

platform this year came last night when J. H. Balmer and Miss Clark of Rhodesia, South Africa, appeared on the stage with five native Kaffir boys in their native costumes. A Basuto with a fine leopard skin hung from his shoulder; a Zulu dressed in native goat skin; a Kaffir clad in goat and monkey skins; a Hottentot lad in native costume, only twenty-eight months out of abject barbarism but, nevertheless, the brightest and most interesting of all the boys; and an older boy, a Kaffir young man in his native dress—this was the troupe which appeared last night under the direction of their two European teachers. From the first to the very last the interest was intense; and when the program was over many lingered to get a closer view of the boys and to learn more about them from their teachers.

Works to Uplift Race.

Mr. Balmer now owns a large ranch in Rhodesia on which is a small gold mine which provides him with means for carrying on his work for the unlift of native life.

Mr. Balmer's father was a Methodist minister, and Mr. Balmer has expanded his life into a most effective Christian philanthropy.

Most of last night's program by teh Kaffir boys was given in English, yet only one of the boys, (the oldest) understands or speaks English. The program was unique.

It consisted of singing, the exhibition of native costumes and the exposition of native customs and life given by Miss Clark, as interludes between the musical numbers.

Alive to the Opportunity.

Following three marriages within one week among the operators of the Union Telephone company of McKinney, Texas, the following advertisement appeared in the "want" columns of the Daily Courier-Gazette:

WANTED—Position in telephone office. Pay no consideration. Address, Old Maid, this office.

Rebekah Meet Friday Night.

The meeting of the Rebekah lodge, which was to have been held tonight has been postponed on account of the chautauqua until tomorow night when it will be held at the usual time. Some important matters are to be discussed and all members are expected to attend.

Dinner at Fairview.

Mr. and Mrs. Guy Aley, living at Fairview stock farm gave a dinner at their home Sunday, complimentary to Mrs. Aley's aunt, Mrs. Martha Hoover, of Cherryville, Kan., who is their house guest. Plates were laid for Mrs. Hoover, Mrs. Lillie Martin and daughter, Emily, Mr. and Mrs. Charles Jensen and daughters, Ruth and Mildred, Mr. and Mrs. W. T. Doyle and daughter, Alta, and Mr. and Mrs. Aley. Mrs. Aley was assisted in entertaining and serving by her aunt, Mrs. Lillie Martin.

Klaas-Miller.

The marriage of Miss Esther Klaas, the daughter of Mrs. Louisa Klaas of Parnell, to Mr. Wyatt Miller was solemnized at St. Joseph's Catholic church at eight o'clock yesterday morning in Parnell, the Rev. Father Joseph reading the marriage service. The bridal couple was attended by Miss Rosetta Klaas, Miss Minnie Tanner, Noble Klaas and Joseph Tanner. A wedding dinner, which was attended by only the bridal party and relatives was served at noon at the home of the bride's mother. After a honeymoon trip of several weeks which will include a visit with friends in St. Louis and a stay at the Colorado mountain resorts Mr. Miller and his bride will be at home at Parnell. Mr. Miller is agent for the Great Western railroad at Parnell.

Normal Librarian Married.

A rumor of a wedding which will be a surprise to many in this city reached Maryville today from Gardner, Kan., the home of the bride, Miss Lula Ott, whose marriage to Mr. Charles Edwin Wells, librarian of the State Normal school of this city, took place at Gardner Sunday night. Mr. Wells, accompanied by his sisters, the Misses Edith and Mabel Wells, of this city and his brother, Dr. A. J. Wells and wife of Shawnee, Okla., left Maryville last week on a western trip without informing any of his friends here that it was to be a honeymoon, as well as a sightseeing trip. The bride is a very talented singer and musician, and is spoken of by people in this city who have met her, as a very charming and attractive young woman.

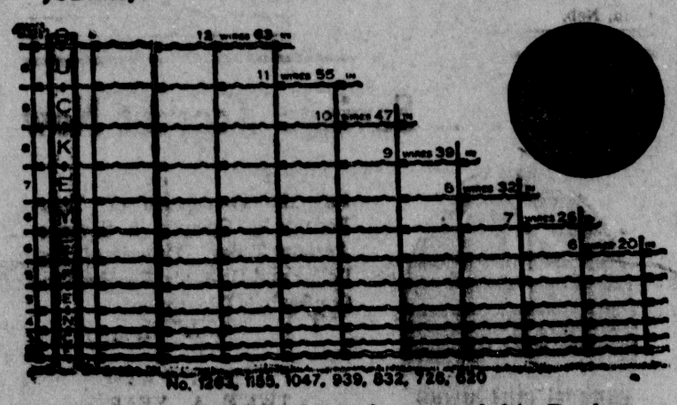
Monarch
Malleable Iron Range

Make Your Cooking a Daily Pleasure

What Is Malleable Iron?

The best soft gray cast iron annealed and when thoroughly annealed becomes the best heat—transmitting and resisting iron known to range construction.

Every joint in the MONARCH is rivited and therefore gas and air tight. The rivets are wrought iron and hence of the same heat resisting temperment as the material they hold together, thus making the expansion equal, therefore continued expansion and contraction under these conditions have no tendency to make loose joints. The life and efficiency of a range depends on the construction and durability of the fire box and the fire box construction in the MONARCH RANGE is built scientifically correct. Call and we will be pleased to show you why.



We have just received another car of this Buckeye Fence and have it in all the standard widths. It is built of No. 9 top and bottom and No. 11 intermediate and stay wire and extra heavy galvanized. Let us show the merit of the BUCKEYE HINGE STAY FENCE.

GERMAN COMMANDER BLOWS UP OWN SHIP

Vessel Destroying British Warship Is Sunk to Avoid Capture.

London, Aug. 12—The British warship Ramsey has been sunk in the North sea by the German steamer Meteor, it was announced officially. The Meteor, as it was being chased by British vessels, was blown up by its commander, the statement adds.

The text of the statement follows:

"H. M. S. Ramsey, Lieutenant S. Raby, a small armed patrol vessel, was sunk by the German armed fleet auxiliary steamer Meteor in the North sea. Four officers and thirty-nine men were saved.

"The Meteor subsequently sighted a squadron of British cruisers and its commanding officer realizing that escape was impossible, ordered the crew to abandon the ship and then blew it up."

The admiralty said five officers were lost in the taking of the Ramsey, and that two were lost in the sinking of the torpedo boat destroyer Lynx when it struck a mine in the North sea.

The Meteor was formerly owned by the Hamburg-American Steamship company and was built at Hamburg in 1904. It was of 3,613 gross tons and 328 feet long.

The Ramsey was a merchant vessel which went in commission in the British navy in November, 1914.

Richards Is Best All Around Athlete.

San Francisco, Aug. 12.—A. N. Richards of the Illinois Athletic club won the distinction of being the best all-around athlete of the United States by placing first in the decathlon, which was staged on the stadium of the Panama-Pacific exposition. C. A. Brundage of the Chicago Athletic association was second and Chester Fee of the Multnomah Athletic club of Portland placed third.

Bush Special Train Wrecked.

Grand Junction, Colo., Aug. 12—A special train carrying B. F. Bush, president of the Denver and Rio Grande railroad, was wrecked four miles south of here. O. M. Potter, engineer, was fatally hurt. The wreck was caused by a landslide, which crashed into the locomotive, which tumbled into the ditch. The private cars were undamaged.

WESTERN ROADS DENIED INCREASE

Washington, Aug. 12.—The interstate commerce commission granted a portion of the freight rate increases asked by the western railroads and refused to sanction others.

The advances which the roads are allowed are comparatively small. On the items which would have netted the greatest revenue, grain and live stock, the increases were denied. Increases were allowed on coal, coke, fruit and vegetables.

On the ground that their income was too low the roads asked for increases in carload rates on commodities. Their program would have increased their income approximately $10,000,000 a year.

The majority of the commission in refusing the principal increases took the view that some of the roads which were in straits suffered from bad management and financial operations. Commissioners Daniels and Harlan the minority, agreed with all the increases granted contended that others should have been allowed and held that improper financial management should not debar the roads from receiving reasonable rates for services.

The decision affects all the roads west of the Mississippi river.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

MILITIAMEN ARE IN A STIR

May Go To Fort Leavenworth to Train. Elect Lieutenant Next Week. Name Sergeant.

The growing trouble between United States and the Carranza faction of Mexico, has set the members of Company F, and members of the Fourth Regiment band, to do some "tall" thinking. But not a one expresses any desire to be out of the National Guards instead they are anxious to be off.

The report comes unofficially from Fort Leavenworth, Kan., today that in event the Fifth cavalry there is called out on the Mexican border members of the Fourth and Third Regiments of the Missouri National Guards will be sent to Fort Leavenworth and there trained by regular army officers in warfare.

If this proves true, the local militiamen will go to Fort Leavenworth probably instead of taking the annual encampment at Kansas City September 6-12.

Claude Wilson has been appointed First Sergeant of the local company by Captain John K. Ross. He succeeds Guy Ray, who resigned last February, Sergeant Wilson has been acting First Sergeant since that time.

An election to choose a first lieutenant to succeed Loren DeMotte, who resigned last spring, also will be held at the armory next Wednesday night. Three persons have been proposed for the position. They are Chester Bennett, Albert Kuchs and Albert Berlin. Each has had some military training.

Minister Gets Vacation.

Rev. H. McNamee of Hopkins, has been granted a vacation of three weeks by the members of his church. There will be no preaching services at the Methodist church the next two Sundays.

Mr. and Mrs. McNamee will visit at St. Joseph, Albany and Cameron. Albany being the old home of Mr. McNamee. His father still lives there.

Meets Mother in St. Joseph.

Mrs. William Wade Smith went to St. Joseph this morning to meet her mother, Mrs. Anna M. Hagins, who is returning from a three months stay at Denver, Colo. They will visit in St. Joseph until tomorrow night and will then return accompanied by Mrs. Newton Hagins who has been spending the past week in St. Joseph.

Mr. and Mrs. Jesae Patton of Skidmore spent yesterday visiting in Maryville and attending the chautauqua.

Hungarian Musicians Are Here Today

SAM SCHILDKRET'S ORCHESTRA.

A big treat is in store for the chautauqua audiences this afternoon and tonight in music. It is furnished by Sam Schildkret's Hungarian orchestra, the one which made such a hit last year on the Redpath-Vawter circuit and which is being received this season with the same genuine pleasure.

For the leader of this orchestra is not "stuck up" and "distant" like so many of them. He laughs just like an ordinary human being, which can not be said of many band and orchestral leaders, and he also talks like a human being and seems to like to get down and among his audiences.

Schildkret's orchestra is famous not alone for the high grade music it produces, but for the wonderful variety in the repetoire. Sam has also distinguished himself as a hardworking leader, and it is doubtful whether there is another leader in the country who will make as many responses to encores as this good natured leader does.

He seems to enjoy his own programs to the limit, and this adds very greatly to the enjoyment of the audience.

Mrs. G. R. Cornelius of Des Moines, Ia., who had been visiting her parents, Mr. and Mrs. John Murrin, left for home today.

Treble Area Formerly Held by Them on Gallipoli.

FIVE GREAT GUNS SILENCED.

French Ship St. Louis Puts All but One of Six Cannon on Asiatic Side Out of Action—English Losses Are Very Heavy.

London, Aug. 12.—While the Russians are fighting desperately to extricate themselves from the cordon of Austro-German troops, which is steadily pressing them more closely in Poland, their allies are working feverishly and with considerable success to open the Dardanelles, through which they hope to pour into Russia much-needed munitions of war.

Since Saturday night, when fresh British forces were landed on the Gallipoli peninsula, there has been almost continuous fighting on the Krithia road. In these operations the Australians and New Zealanders in the "Anzac" region, a name taken from the initial letters of the words "Australian-New Zealand army corps," have cooperated with new forces to the north.

Following the successes of the troops on the Krithia road, and those to the north of the "Anzac" zone, the Australians and New Zealanders took the offensive and succeeded in trebling the area formerly held by them. Their comrades to the north, who assisted them, made no further progress, however.

Five Guns Silenced.

Simultaneously the French battleship St. Louis attacked the Turkish batteries on the Asiatic side of the straits, which had been bombarding the allied position on the peninsula, and put five out of six guns out of commission. These actions are believed here to be preliminary to a more ambitious attempt which has been planned by the Anglo-French commanders to sweep the Turks before them. Very heavy losses which already have been inflicted on the Turks have had a discouraging effect upon the Ottoman troops, according to reports from Greece.

British submarines have succeeded in entering the Black sea and have torpedoed the German-Turkish cruiser Breslau. They also torpedoed one transport gunboat.

TEUTON PEACE TERMS

Poland and Section of France Will Be Asked by Germany.

Berne, Aug. 12.—The Tagwacht prints the text of a manifesto issued by a group of German professors and intellectuals enumerating their ideas of the only acceptable peace terms. These, according to the manifesto, must insure the free expansion of German culture, industry and commerce, Belgium for military and commercial purposes must be subject to Germany. France must cede to Germany all territory north of the line from Belfort to the mouth of the river Somme and pay a large indemnity. Russia must cede Poland and the greater part of the Baltic provinces and other territory in lieu of indemnity, which it could not pay.

French Millionaire Exiled.

Paris, Aug. 12.—The permanent court martial at Marseilles has sentenced Henri Racine, a millionaire perfume distiller of Mentone, to perpetual deportation and payment of costs of the proceedings for supplying essence of nerolia and 500 tons of olive oil through a Lausanne firm to a famous perfumer at Cologne.

Queen Works In Hospital.

London, Aug. 12.—For several weeks Queen Amelie of Portugal, incognito, has been working as a trained nurse in the third London general hospital at Wandsworth, it was learned. Queen Amelie has been working eight hours daily, performing the same heavy tasks as those assigned to other nurses.

Nine Craft Sunk by Submarines.

London, Aug. 12.—The sinking of nine craft was announced. They were the British steamer Oakwood, the Norwegian bark Morna and seven trawlers the Young Admiral, the George Crabbe, the Illustrious, the Calm, the Frevire, the Welcome and the Utopia. The crews were saved.

Judge W. H. Munger Is Dead.

Omaha, Aug. 12.—Judge William Henry Munger, United States district judge for this district and a resident of Nebraska since 1868, died at his home after an illness of over two years, during which time he has not been able to take his place on the federal bench.

New Commander For Turks.

London, Aug. 12.—The Grand Duke of Macklenburg, according to the Athens correspondent of the Star, has been appointed commander in chief of the Turkish forces in the Dardanelles, succeeding Field Marshall Liman von Sanders.

Teuton Captives Toiling For Czar.

London, Aug. 12.—Official reports forwarded from Petrograd show that upwards of 208,000 prisoners were being employed by various Russian industries on railroads, in agriculture and in other ways.

CHAUTAUQUA FOR NEXT YEAR SURE

REDPATH-VAWTER SYSTEM WILL PROBABLY BE USED AGAIN.

25 GUARANTORS WILL BACK 1916 ATTRACTION

Nearly Enough Business Men Had Pledged Protection Today—Promise Almost New Program.

The Maryville seven-days chautauqua will end tonight in one grand climax. That it has been a highly entertaining as well as an instructive one to the thousand and more who have attended, is denied by none. As to whether the Redpath-Vawter Chautauqua System will return next year, to put on the chautauqua is not yet definitely decided, but everything indicates now that it will. Nearly all necessary guarantors had been secured this morning. Twenty-five are required. There may be more.

While by placing on a chautauqua independently, talent more adaptable to the community might be secured, yet nearly every phase of entertainment as well as instruction and inspiration, has been covered in the seven-days chautauqua given the past week by the Redpath-Vawter System. The children have been appealed to and aided by the Junior chautauqua, just as much as the adults.

Promise Nearly New Program.

With the chautauqua down town, instead of at the Normal Park, more business men and clerks have been enabled to attend the morning and afternoon entertainments, and also has been more satisfactory all around, it appears. It will probably result in next year's chautauqua also being down town, unless the weather at that time is more certain, than it was this year.

That Maryville will have a week's out door lyceum in the summer of 1916, there is little or no doubt. It is a necessity for any live community or dead one either for that matter. In fact a larger community perhaps needs a chautauqua the more.

If the Redpath-Vawter System is used again next year almost an entirely new program is promised by Keith Vawter of Cedar Rapids, Ia., one of the officers of the chautauqua firm, who was in Maryville today. Bohumir Kryl and his concert band will return of course, for it is one of the biggest attractions, and perhaps some of the old "stand bys" but most of the numbers for 1916, will be new Mr. Vawter said.

Gave Everything Promised.

Maryville reluctantly bids goodbye tonight to its seven-days chautauqua, which has been well above the ordinary. What is a far greater commendation, however, is the fact that not a single number so far has been canceled or postponed and every entertainment has been begun on schedule time.

There were no last-minute cancelations of some of the best numbers and when a number was announced to begin at 7:30 o'clock or 2:30 o'clock, it really began on the dot, and not an half-hour later, as is the case in most entertainments.

TO JOIN MILITIA HERE.

Six Hopkins Young Men Come Into Company F for Encampment.

Six Hopkins young men have been secured for Company F, Fourth Regiment, National Guards here, according to Mr. Hanna, recruiter. They are William Grammar, Ray Mahan, Bert Davis, "China" Wilson, Samuel Tatman and Mack Claver.

They will join Company F, here in time for the annual encampment of the Fourth Regiment at Kansas City on September 6-12.

Move to Fourth Street.

Mr. and Mrs. W. F. Smith are moving this week into the Joy residence at 402 East Fourth street, recently vacated by the Frank Shoemaker family.

RINGLINGS MAY NOT COME

Lack of Half of $200 Fund Bars Big Circus Attraction Here Next Month.

With but $96 of the necessary $200 pledged at noon today, to insure the appearance of Ringling Brothers' Shows here the latter part of September, indications are that the shows will not appear in Maryville this season. The entertainment committee of the Commercial Club composed of Albert Kuchs, chairman, Frank Shoemaker and Edward Keck, solicited quite extensively over the business section of the city yesterday, but secured but $96 in subscriptions and pledges.

Mr. Petit, advance man for the show firm, who was here a few days ago, stipulated that the shows would come here next month if there would be no city license or lot rental to pay. As the city license costs $100 and a suitable tract to show on would cost $100, it is up to the city or leaders in civic enterprises to raise $200.

The Ringling shows cover eleven acres, so that it would be almost necessary for them to show on the Beal or Harrison tracts east of the city, as the Holt tract, north of the Wabash passenger station is not quite large enough.

The show firm proposes to pay both county and state license. The county license would cost $75.

WOULD CLOSE PUBLIC SCHOOL

Board of Star of the West, Near Sheridan Vote Aug. 19 to Discontinue —Have Four Pupils.

The school board of the Star of the West school district, near Sheridan, was granted permission by County School Superintendent Bert Cooper this morning, to hold a special election Thursday, August 19, to vote on a proposition to close that school next term. The board consists of D. E. Brogan, clerk; William Toots, president, and Bert Dowis.

It is proposed to close up that school next term and have the three or four pupils in the district, attend school in either Sheridan, or the Luteston or Long Star districts adjoining.

There were but six pupils last term and will be less this time, the board said. Miss Dora Smith of Wilcox, taught that school last year. No teacher has yet been chosen to teach there this next term.

It said the proposition to close the Star of the West school will carry.

APPEAL TO MEXICO

PAN-AMERICAN DIPLOMATS APPROVE NOTE TO WAR LEADERS.

WILL BE SENT AT ONCE

South and Central American and U. S. Conferees Defer Further Meeting. Do Not Desire Intervention.

New York, Aug. 12.—The Pan-American conference adjourned after having approved the appeal to the Mexican factions, which will probably be dispatched today, following a conference in Washington of President Wilson and Secretary Lansing.

At the conclusion of the conference Secretary Lansing said:

"The conference agreed on a form of note to be sent to the different factions in Mexico urging them to compose their differences, and we have also agreed on the policy we will recommend with reference to a movement in Mexico."

Secretary Lansing said there would be further meetings of the conferees. He did not think, however, another meeting would be held until after some reply had been received from the Mexican factions. The secretary added that American intervention was not desired in the conference.

The appeal expresses the views of their several governments that the conditions of chaos in Mexico had injured the prestige of the nation abroad and asks the Mexican leaders and generals to make a supreme effort to bring together all elements in the creation of a provisional government that can be given world-wide recognition.

There was no discussion in fact of eventualities, notwithstanding that press dispatches reported Carranza's outspoken objections to the Pan American methods of settling Mexico's struggle.

FEAR RACE WAR IN TEXAS

Ten Men Killed In Fights With Bandits Along Border.

Brownsville, Tex., Aug. 12.—Practically every American citizen in the three southernmost counties of Texas, Cameron, Hidalgo and Starr, is under arms, in fear that the overwhelming Mexican population of the section may break out in a racial fight.

Little lessening of activities on the part of Mexican ranch raiders in the Rio Grande valley was indicated in reports reaching here, which told of numerous attacks by the bandits and of several battles between the Mexicans and soldiers. Ten more men were reported to have been killed in the fighting, bringing the death list since the commencement of the outrages by the raiders up to nearly twenty.

The ten men reported dead included one United States trooper, four Americans, believed to be members of the bandit bands and five Mexicans.

Brigandage Is Result of Texas Feud.

Washington, Aug. 12.—General Funston reported to the war department that the best information he can gather indicates the brigandage in Cameron, Hidalgo and Star counties, Texas, was caused by Texans with headquarters at Brownsville, who, having a political feud, sent bandit gangs to rob and attack each other. The majority of those engaged in the lawlessness were residents of the United States, although some are known to have come from the Mexican side.

Villa Presents Currency Proposal.

El Paso, Tex., Aug. 12.—Representatives of the foreign mining interests in Villa territory in Juarez were presented a proposition by General Villa to pay their employees in Villa paper currency, revoking a recent decree requiring payment in silver.

ENTERTAINMENT PLEASES CROWD

Rev. Father Patrick Cummins Lectured at Burlington Junction.

The lecture given Monday night at the Johnson opera house at Burlington Junction by the Rev. Father Patrick Cummins, was attended by a large and interested audience.

Ort F. Wilson, in a very pleasing manner, introduced the speaker. For over an hour, the Rev. Father Cummins held the earnest attention of his audience by his able exposition of education from the Catholic view point. His subject was "Conception Abbey and Higher Education" and those who heard the lecture were unstinted in their words of praise.

The music of the Rev. Father Raphael, who gave the piano program, was greatly admired and appreciated and his part of the evening's entertainment shared honors with that of the speaker.

Mrs. Bowsher Here.

Mrs. Porter Bowsher of Leon, Ia., will arrive in Maryville tonight to visit Mr. and Mrs. Roy Collins. Mrs. Bowsher was formerly Miss Una Daugherty of this city.

BOOSTERS PLAN FAST GAMES

Maryville Nine Plays Barnard Today, St. Joe Team Tuesday, Easton, August 19.

Some mighty nifty baseball games are in the offing and will be shown to Maryville fans within the next week. One will be played this afternoon at the Normal grounds between the Boosters and the Barnard team.

The next on the program—one that will be witnessed by the largest bunch of fans, fanettes and rooters of the season—if the weather is favorable, is scheduled to be shown at the Federal park next Sunday afternoon, beginning as the clock strikes 3. The battle will be staged by the Federals and the Stanberry Red Sox, the bain and fear of every amateur baseball team in northwest Missouri.

Two days after that, August 17, the Boosters plan to take on the St. Joseph All Stars for a game at the Normal grounds, while two days after that, August 19, the Easton Catholic team is scheduled to come.

The line of both the Federals and the Boosters are being materially strengthened and every thing now points to four "cracker jack," baseball games on the two Maryville diamonds for the week, beginning today.

Right along with this extra bill of diamond artistry, comes the announcement, as mentioned yesterday by the Democrat-Forum, that the Federals will be one of four baseball teams to engage in the three-days tournament at Hopkins, which begins August 18.

TO LECTURE ON RURAL LIFE

Rev. C. R. Green of Harmony, Will Make Ten Day Tour of Greene County.

The Rev. C. R. Green, pastor of the Harmony church will start Monday on a ten-days lecture trip through Greene county, speaking each afternoon and evening on rural community organization.

Sunday, August 22, Mr. Green will preach at the First Presbyterian church at Springfield Mo. The evening lectures given by Mr. Green will be illustrated and will deal with rural church and community life.

Mrs. Green will accompany her husband and will visit friends in Kansas City, during the lecture period and later they will go together on an outing trip in the Ozarks.

PARCHER TO OREGON SCHOOL

Normal Graduate Will Head Manual Training Department at the Dalls.

Philip Parcher of this city, who was head of the manual training department of the Argenta, Ark., public schools last year, has been elected superintendent of a similar department in the public schools of The Dalls, Ore.

Mr. Parcher is a graduate of the State Normal school in the spring class of 1914. This past summer since the close of his work at Argenta, Ark., he has been attending the summer term of the normal at Corvallis, Wash., studying with Prof. Frank Shepherd, formerly an instructor in the normal here. Mr. Parcher was re-elected to his position at Argenta but has decided to take the western one. His mother, Mrs. Edna Parcher, who is now visiting relatives in Maryville will go with him to make her home at The Dalls, leaving about September 15.

TO SPEND YEAR IN WEST

Miss Josephine Keeler Will Start Tomorrow for Extensive Tour.

Miss Josephine Keeler, the daughter of Mrs. P. Keeler of South Main street, will leave tomorrow morning for a year's absnce in the west. Miss Keeler will go in company of her uncle and aunt, Mr. and Mrs. L. J. Brady of St. Joseph, who are going to Everett, Wash., to make their home.

A large portion of Miss Keeler's time will be spent at Everett and with her sister, Madame Laura Keeler, a member of the Sacred Heart sisterhood living at San Francisco, Cal. She will visit all the chief places of interest in the west before returning home.

GEORGE DAVIS SEEKS DIVORCE.

Maryville Man Says Wife Deserted Him After Being Married 6 Months.

A suit for divorce on the grounds of desertion was filed in circuit court today by George Davis of Maryville, against Sarah Davis. He says they were married December 8, 1913, and that she left him June 2, 1914.

THE WEATHER

Partly cloudy tonight and tomorrow. Probably showers. Not much change in temperature.

STARS HERE TODAY

VARDAMAN, BRYAN AND SCHILDKRET'S ORCHESTRA, TREATS.

TO RECEIVE THE ORATOR

Reception Committee Will Meet Former Secretary of State at Train. Chautauqua Ends Tonight.

Tonight's Chautauqua Program.

7:15 p. m.—Costumed exhibition of children of countries visited by The Junior Chautauqua Bunch.

7:30 p. m.—Sam Schildkret's Hungarian Orchestra.

8:00 p. m.—Address by William Jennings Bryan.

Today is the final one—the big day of the Maryville chautauqua. It began at 2:30 o'clock this afternoon with a concert by Sam Schildkret's Hungarian orchestra, followed by an address on the negro race question by United States Senator James K. Vardaman of Mississippi.

But the biggest crowd of the entire seven-days entertainment will be congregated on the Washington (central) school grounds tonight when a triple-bill is scheduled, with William Jennings Bryan, formerly secretary of state, ending the entertainment with an address on "Peace."

These Will Meet Him.

Fred J. Yeomans and Ed. G. Orear went to Stanberry this morning to meet Mr. Bryan and accompany him back to Maryville tonight. He is expected to arrive on the Wabash passenger train No. 3 at 7:20 o'clock tonight.

Among those comprising the reception committee which will go to the Wabash station to meet Mr. Bryan and return up-town and to the chautauqua with him are: Dan R. Baker, chairman; Mayor U. S. Wright, Circuit Judge W. C. Ellison, George Robb Ellison, W. A. Blagg, James Robinson, S. G. Gillam, George L. Wilfley, George Baker, Ed Williams, Bruce Montgomery, E. C. Cook, John Dawson, J. F. Cook, Arthur Robey, Edward Otis, Ol Holmes, Thad Wilderman and James Todd.

Mr. Bryan will be introduced to the chautauqua audience by Fred B. Wolf, superintendent of the Maryville chautauqua. Mr. Bryan's manager will accompany him.

The first number tonight will be a costumed exhibition of children of the countries visited by the Junior chautauqua bunch, followed a quarter of an hour later by a concert by Sam Schildkret's Hungarian orchestra.

THE KAFFIR BOYS

But one of the most able and worth while addresses of the entire chautauqua is being delivered this afternoon by Senator Vardaman.

Discusses Negro Race Question.

As an individual Vardaman is unique, and in a class by himself. He combines the great human sympathy, the strong heart, sound common sense and homely philosophy of Abraham Lincoln; the fire and bluntness of Senator Tillman of South Carolina, without Tillman's crudities of expression, together with an ability as an orator which places him in the class with Ingersoll, Grady and Ingalls. Yet, his oratory, his manner, his personality, are all his own.

In his lecture, "The Impending Crisis," he delivers a masterful treatise upon that most absorbing question, the race problem. Senator Vardaman knows his subject. He has gotten his materials first hand; he has lived among the negroes and has studied them for years; intensely interested, he began long ago to try to find the answer.

All that history, or the latter day writings of authorities could give, he took, and assimilated, and applied to present day conditions, and then in the light of his own observation, extending over twenty-five years, he began to evolve his own ideas about it. Upon these ideas he was elected governor of Mississippi and later to the United States senate.

Knows His Subject Well.

Senator Vardaman was abused at first; he was called an agitator, an alarmist, a fire-brand. Today what he has to say on the race problem is listened to with keen attention. Combining all the knowledge of writers on this question, from the dawn of history to the present time, applied and measured by personal observation and first-hand knowledge.

For several years the name of James K. Vardaman has been a name to conjure with throughout the south. He has been in the United States congress long enough to impress himself upon the whole country, and now his people have elected him to the senate.

Vardaman's great reputation as a public speaker rests upon his address entitled, "The Impending Crisis." It is a keen analytical study of the race problem, a problem that everybody is willing to admit is yet an unsolved problem in America. Vardaman has gone into the question in a very thorough way and handles it in a fearless manner.

He is one of the nation's strong men. He is not a theorist and dreamer, but a great practical constructive thinker.

His stage presence is commanding, striking; his voice full and resonant, and capable of every shade of expression. Wit and keen and scintillant kind, humor which brings the ready smile; pathos which rends the heart-strings, are mixed and mingled with the great thoughts which compel attention and force the listeners to think for themselves, are all mixed and mingled in his great lecture.

Bryan Urges Peace Talk

The address by Mr. Bryan tonight will deal with a new topic—that of the necessity of American people to talk more peace and less war, to try to instill in their minds and the minds of their friends, a greater regard for peace and thereby create "peace-waves" instead of a blood thirsty "war-atmosphere."

Mr. Bryan will show in a general way what war in this country would mean, the young men it would claim, the hunger and privation it would necessarily create, the orphans and widows it would make, and the load it would throw upon future generations.

Bryan passed through Maryville at 10:30 o'clock this morning over the Wabash enroute from Council Bluffs, Ia., to Stanberry where he is speaking this afternoon. A delegation of Maryville citizens, some personal friends or acquaintances of Mr. Bryan, met the former secretary here this morning and accompanied him to Stanberry. They will also return with him tonight.

Pleads for Better Home Culture.

The chautauqua entertainment yesterday afternoon and last night was up to the average and in real instruction, it might be called better than usual.

S. Platt Jones introduced a new note and style in monologue entertainment. His funny stories, his readings and his impersonations kept the crowd cheerful.

The afternoon lecture proved to be a typical chautauqua presentation of keen and needed criticism of the follies of our time. The punch of Dr. Platt's lecture, as he put it himself, was the fundamental truth that God did not make a fool proof universes where everything was easy and plain sailing.

Mr. Platt was at his best when speaking of the need for brains in the twentieth century American home. Unless brains are in evidence here wreck and ruin appear in all sorts of unexpected places. The lecturer traced the outcome with regard to bodily health and vigor, and said that the presence of the medical examiner in the school was clear evidence that the home had failed to do its duty.

Kaffir Boys Make a "Hit."

Mr. Platt laid stress on the supreme need for character in man and woman alike when they set marriage bells a-ringing. When the honeymoon sets, if there is no spiritual basis for real union in real character and worth, the home is likely to be wrecked.

The most unique, interesting, instructive and inspiring thing upon the

URGED TO EQUIP FOR SCHOOL TERM

SUPERINTENDENT ASKS OBSERVANCE OF "CLEAN-UP" DAY.

GET SUPPLIES AND CLEAN-UP PREMISES

Bert Cooper and State Head Advises That All Institutions in Nodaway County Begin September 6.

A campaign for a general clean-up of school yards and premises throughout Nodaway county, prior to the opening of school next month, was launched today by County School Superintendent Bert Cooper, who has directed a letter to each member of the various school boards to that effect.

Howard A. Gass, state school superintendent, launched such a campaign, a few days ago, so that the move is universal throughout Missouri, or at least is expected to be. Superintendent Gass also called attention to the need of better public roads leading to the school houses, that pupils, who walk may be better commodated.

The request that all schools be begun at the same time, Monday, September 6, also is strongly made.

Clean Up Day Is August 28.

The letters being sent out to the school boards, reads, in part, as follows:

Will you please fill out the enclosed card and return it to me by the next mail in order that I may complete my records before school opens.

I recommend that you have your school begin September 6, if possible. Since we have a uniform course of study for the schools of the county, the work is more uniform when the schools begin on the same day. You are urged to attend the teachers' meeting in Maryville, August 30 and 31. The law requires all teachers to attend this meeting, so should you have your school open earlier than September 6, the teacher would have to lose two days in order to attend.

Notices of the compulsory school law should be posted fifteen days prior to the opening of school.

The state department of education has set aside Saturday, August 28, for "Clean-Up-Day" and urgently requests that the directors, patrons, teachers and pupils of each district assemble at the school and make the buildings and grounds sanitary and attractive to the end that physical and ethical betterment may result. Make full use of paint, calcimine, whitewash, broom and scrub brush. Let this meeting be for social uplift as well as for service.

Get Supplies Now.

The board should provide crayons, erasers, fuel, brooms, water cooler, wash basins, soap and other needed supplies at this time.

I wish to warn the teachers and boards against purchasing books, maps and apparatus from agents who may or may not use my name. The teachers can order direct from the company and thus save from 50 to 75 per cent on most articles.

Let us all work together and push the schools to their highest degree of efficiency this year.

Superintendent Cooper has announced that hereafter text books may be bought in Maryville at the news stand of W. G. A. Edwards, as the Graham-Latimer firm, has quit handling school text books. One dealer in each other town in the county will probably handle the school text books. Any number of dealers may handle them if they so desire.

To Visit in Wisconsin.

Mr. and Mrs. Edward W. Keck and daughter, Elizabeth, left at noon today for Kenosha, Wis., where they will visit Mr. Keck's brother, Lewis Keck, and family. They will stop later for a visit at Chicago.

Arrives From De Kalb.

Mrs. Ellen Shelton of De Kalb, Mo., arrived in Maryville last night to visit her sister, Mrs. Clara Trewitt.

The honor system in vogue at the Joliet penitentiary seems to result in considerable coming and going.

All the war countries say they are going to fight to the finish. The only question is, whose finish will come first?

The chautauqua furnishes not only a very cheap entertainment to purchasers of season tickets but it furnishes entertainments worth while.

There are a lot more married people than there are husbands and wives. Therefore the necessity for divorce courts.

The United States has been termed the waiting heir at the deathbed of Europe. Whether we fall heir to anything or not we would like to know that the funeral of militarism and murder is near at hand in the Old World.

According to Vice President Marshall's view there will be no great issues in the campaign next year because the people of this country are thinking only about whether or not we are going to keep out of the European war. There are no persons working themselves into a frenzy except men who want some office and next year we are going to have a bum campaign for the professional politicians."

The time seems to have arrived when it will be necessary for the little Balkan states to determine once for all whether they will unite and stand together against the larger nations of Europe or whether they will hazard their future by separate action. Servia was the spark dropped into the powder can that fired all Europe. Near her lay Greece, Bulgaria, Roumania and Montenegro. They once had it in their power to form an alliance that would have been formidable against any invader but they allowed their little jealousies over small tracts of territory to rule against their better interests and they fell out and fought among themselves. Now that the general conflagration is on, they are in a delicate and dangerous situation.

The Progressive party was three years old August 5, having been born in Chicago August 5, 1912. It had a marvelous growth and was big enough in three months to whip the Republican party. In 1914 it seemed to weaken from overgrowth and many thought that another campaign would see its end. It was said that if a Progressive-Republican should be nominated for the presidency next year that Col. Roosevelt would desert the ship of his own building and return to the folds of the old party. Col. Roosevelt, however, has issued a statement to the effect that he will remain with his progressive brethren and our friend, the Hon. Victor Murdock, says the Progresive party will be a live and virile organization to be seriously reckoned with in the next campaign. There is no question but it will continue to have a following just as the other third parties have continued to hold adherents for many years but just how strong it will be can not be even guessed at this time. It's a proposition that may furnish surprises or it may fall into inconsequential proportions. If Col. Roosevelt and Mr. Murdock and others can rejuvenate it and bring it back to fighting strength and health, the Progressive party may be an important factor in the campaign of 1916.

(Continued from page 1.)

platform this year came last night when J. H. Balmer and Miss Clark of Rhodesia, South Africa, appeared on the stage with five native Kaffir boys in their native costumes. A Basuto with a fine leopard skin hung from his shoulder; a Zulu dressed in native goat skin; a Kaffir clad in goat and monkey skins; a Hottentot lad in native costume, only twenty-eight months out of abject barbarism but, nevertheless, the brightest and most interesting of all the boys; and an older boy, a Kaffir young man in his native dress—this was the troupe which appeared last night under the direction of their two European teachers. From the first to the very last the interest was intense; and when the program was over many lingered to get a closer view of the boys and to learn more about them from their teachers.

Works to Uplift Race.

Mr. Balmer now owns a large ranch in Rhodesia on which is a small gold mine which provides him with means for carrying on his work for the unlift of native life.

Mr. Balmer's father was a Methodist minister, and Mr. Balmer has expanded his life into a most effective Christian philanthropy.

Most of last night's program by teh Kaffir boys was given in English, yet only one of the boys, (the oldest) understands or speaks English. The program was unique.

It consisted of singing, the exhibition of native costumes and the exposition of native customs and life given by Miss Clark, as interludes between the musical numbers.

Dinner at Fairview.

Mr. and Mrs. Guy Aley, living at Fairview stock farm gave a dinner at their home Sunday, complimentary to Mrs. Aley's aunt, Mrs. Martha Hoover, of Cherryville, Kan., who is their house guest. Plates were laid for Mrs. Hoover, Mrs. Lillie Martin and daughter, Emily, Mr. and Mrs. Charles Jensen and daughters, Ruth and Mildred, Mr. and Mrs. W. T. Doyle and daughter, Alta, and Mr. and Mrs. Aley. Mrs. Aley was assisted in entertaining and serving by her aunt, Mrs. Lillie Martin.

Klass-Miller.

The marriage of Miss Esther Klaas, the daughter of Mrs. Louisa Klaas of Parnell, to Mr. Wyatt Miller was solemnized at St. Joseph's Catholic church at eight o'clock yesterday morning in Parnell, the Rev. Father Joseph reading the marriage service. The bridal couple was attended by Miss Rosetta Klaas, Miss Minnie Tanner, Noble Klaas and Joseph Tanner. A wedding dinner, which was attended by only the bridal party and relatives was served at noon at the home of the bride's mother. After a honeymoon trip of several weeks which will include a visit with friends in St. Louis and a stay at the Colorado mountain resorts Mr. Miller and his bride will be at home at Parnell. Mr. Miller is agent for the Great Western railroad at Parnell.

Normal Librarian Married.

A rumor of a wedding which will be a surprise to many in this city reached Maryville today from Gardner, Kan., the home of the bride, Miss Lula Ott, whose marriage to Mr. Charles Edwin Wells, librarian of the State Normal school of this city, took place at Gardner Sunday night. Mr. Wells, accompanied by his sisters, the Misses Edith and Mabel Wells, of this city and his brother, Dr. A. J. Wells and wife of Shawnee, Okla., left Maryville last week on a western trip without informing any of his friends here that it was to be a honeymoon, as well as a sightseeing trip. The bride is a very talented singer and musician, and is spoken of by people in this city who have met her, as a very charming and attractive young woman.

What Is Malleable Iron?

The best soft gray cast iron annealed and when thoroughly annealed becomes the best heat—transmitting and resisting iron known to range construction.

Every joint in the MONARCH is rivited and therefore gas and air tight. The rivets are wrought iron and hence of the same heat resisting temperment as the material they hold together, thus making the expansion equal, therefore continued expansion and contraction under these conditions have no tendency to make loose joints. The life and efficiency of a range depends on the construction and durability of the fire box and the fire box construction in the MONARCH RANGE is built scientifically correct. Call and we will be pleased to show you why.

GERMAN COMMANDER BLOWS UP OWN SHIP

Vessel Destroying British Warship Is Sunk to Avoid Capture.

London, Aug. 12—The British warship Ramsey has been sunk in the North sea by the German steamer Meteor, it was announced officially. The Meteor, as it was being chased by British vessels, was blown up by its commander, the statement adds.

The text of the statement follows: "H. M. S. Ramsey, Lieutenant S. Raby, a small armed patrol vessel, was sunk by the German armed fleet auxiliary steamer Meteor in the North sea. Four officers and thirty-nine men were saved.

"The Meteor subsequently sighted a squadron of British cruisers and its commanding officer, realizing that escape was impossible, ordered the crew to abandon the ship and then blew it up."

The admiralty said five officers were lost in the taking of the Ramsey, and that two were lost in the sinking of the torpedo boat destroyer Lynx when it struck a mine in the North sea.

The Meteor was formerly owned by the Hamburg-American Steamship company and was built at Hamburg in 1904. It was of 3,613 gross tons and 328 feet long.

The Ramsey was a merchant vessel which went in commission in the British navy in November, 1914.

San Francisco, Aug. 12.—A. N. Richards of the Illinois Athletic club won the distinction of being the best all-around athlete of the United States by placing first in the decathlon, which was staged on the stadium of the Panama-Pacific exposition. C. A. Brundage of the Chicago Athletic association was second and Chester Fee of the Multnomah Athletic club of Portland placed third.

Bush Special Train Wrecked.

Grand Junction, Colo., Aug. 12—A special train carrying B. F. Bush, president of the Denver and Rio Grande railroad, was wrecked four miles south of here. O. M. Potter, engineer, was fatally hurt. The wreck was caused by a landslide, which crashed into the locomotive, which tumbled into the ditch. The private cars were undamaged.

German Forces Take Benjaminow.

Berlin, Aug. 12—The German war office announced the occupation of the fortress of Benjaminow, which lies to the east of Novogeorgievsk, the Russian stronghold on the Vustula.

WESTERN ROADS DENIED INCREASE

Washington, Aug. 12—The interstate commerce commission granted a portion of the freight rate increases asked by the western railroads and refused to sanction others.

The advances which the roads are allowed are comparatively small. On the items which would have netted the greatest revenue, grain and live stock, the increases were denied. Increases were allowed on coal, coke, fruit and vegetables.

On the ground that their income was too low the roads asked for increases in carload rates on commodities. Their program would have increased their income approximately $10,000,000 a year.

The majority of the commission in refusing the principal increases took the view that some of the roads which were in straits suffered from bad management and financial operations. Commissioners Daniels and Harlan the minority, agreed with all the increases granted, contended that others should have been allowed and held that improper financial management should not debar the roads from receiving reasonable rates for services. The decision affects all the roads west of the Mississippi river.

MILITIAMEN ARE IN A STIR

May Go To Fort Leavenworth to Train. Elect Lieutenant Next Week. Name Sergeant.

The growing trouble between United States and the Carranza faction of Mexico, has set the members of Company F, and members of the Fourth Regiment band, to do some "tall" thinking. But not a one expresses any desire to be out of the National Guards instead they are anxious to be off.

The report comes unofficially from Fort Leavenworth, Kan., today that in event the Fifth cavalry there is called out on the Mexican border members of the Fourth and Third Regiments of the Missouri National Guards will be sent to Fort Leavenworth and there trained by regular army officers in warfare.

If this proves true, the local militiamen will go to Fort Leavenworth probably instead of taking the annual encampment at Kansas City September 6-12.

Claude Wilson has been appointed First Sergeant of the local company by Captain John K. Ross. He succeeds Guy Ray, who resigned last February, Sergeant Wilson has been acting First Sergeant since that time.

An election to choose a first lieutenant to succeed Loren DeMotte, who resigned last spring, also will be held at the armory next Wednesday night. Three persons have been proposed for the position. They are Chester Bennett, Albert Kuchs and Albert Berlin. Each has had some military training.

Minister Gets Vacation.

Rev. H. McNamee of Hopkins, has been granted a vacation of three weeks by the members of his church. There will be no preaching services at the Methodist church the next two Sundays.

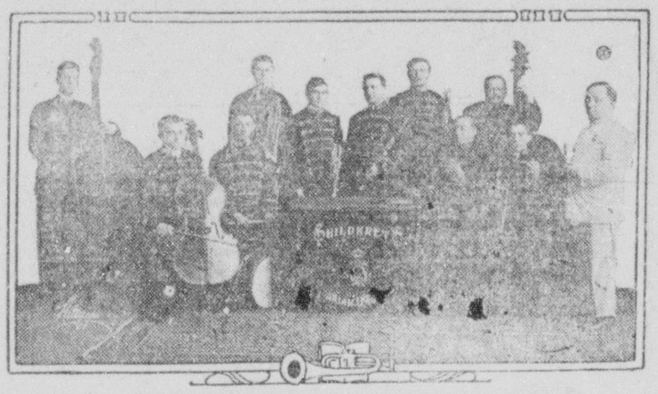
Mr. and Mrs. McNamee will visit at St. Joseph, Albany and Cameron. Albany being the old home of Mr. McNamee. His father still lives there.

Meets Mother in St. Joseph.

Mrs. William Wade Smith went to St. Joseph this morning to meet her mother, Mrs. Anna M. Hagins, who is returning from a three months stay at Denver, Colo. They will visit in St. Joseph until tomorrow night and will then return accompanied by Mrs. Newton Hagins who has been spending the past week in St. Joseph.

Mr. and Mrs. Jesse Patton of Skidmore spent yesterday visiting in Maryville and attending the chautauqua.

Hungarian Musicians Are Here Today



SAM SCHILDKRET'S ORCHESTRA.

A big treat is in store for the chautauqua audiences this afternoon and tonight in music. It is furnished by Sam Schildkret's Hungarian orchestra, the one which made such a hit last year on the Redpath-Vawter circuit and which is being received this season with the same genuine pleasure.

For the leader of this orchestra is not "stuck up" and "distant" like so many of them. He laughs just like an ordinary human being, which can not be said of many band and orchestral leaders, and he also talks like a human being and seems to like to get down and among his audiences.

Schildkret's orchestra is famous not alone for the high grade music it produces, but for the wonderful variety in the repetoire. Sam has also distinguished himself as a hardworking leader, and it is doubtful whether there is another leader in the country who will make as many responses to encores as this good natured leader does.

He seems to enjoy his own programs to the limit, and this adds very greatly to the enjoyment of the audience.

Mrs. G. R. Cornelius of Des Moines, Ia., who had been visiting her parents, Mr. and Mrs. John Murrin, left for home today.

FIVE GREAT GUNS SILENCED.

French Ship St. Louis Puts All but One of Six Cannon on Asiatic Side Out of Action—English Losses Are Very Heavy.

London, Aug. 12.—While the Russians are fighting desperately to extricate themselves from the cordon of Austro-German troops, which is steadily pressing them more closely in Poland, their allies are working feverishly and with considerable success to open the Dardanelles, through which they hope to pour into Russia much-needed munitions of war.

Since Saturday night, when fresh British forces were landed on the Gallipoli peninsula, there has been almost continuous fighting on the Krithia road. In these operations the Australians and New Zealanders in the "Anzac" region, a name taken from the initial letters of the words "Australian-New Zealand army corps," have co-operated with new forces to the north.

Following the successes of the troops on the Krithia road, and those to the north of the "Anzac" zone, the Australians and New Zealanders took the offensive and succeeded in trebling the area formerly held by them. Their comrades to the north, who assisted them, made no further progress, however.

Five Guns Silenced.

Simultaneously the French battleship St. Louis attacked the Turkish batteries on the Asiatic side of the straits, which had been bombarding the allied position on the peninsula, and put five out of six guns out of commission. These actions are believed here to be preliminary to a more ambitious attempt which has been planned by the Anglo-French commanders to sweep the Turks before them. Very heavy losses which already have been inflicted on the Turks have had a discouraging effect upon the Ottoman troops, according to reports from Greece.

British submarines have succeeded in entering the Black sea and have torpedoed the German-Turkish cruiser Breslau. They also torpedoed one transport gunboat.

TEUTON PEACE TERMS

Poland and Section of France Will Be Asked by Germany.

Berne, Aug. 12.—The Tagwacht prints the text of a manifesto issued by a group of German professors and intellectuals enumerating their ideas of the only acceptable peace terms. These, according to the manifesto, must insure the free expansion of German culture, industry and commerce. Belgium for military and commercial purposes must be subject to Germany. France must cede to Germany all territory north of the line from Belfort to the mouth of the river Somme and pay a large indemnity. Russia must cede Poland and the greater part of the Baltic provinces and other territory in lieu of indemnity, which it could not pay.

French Millionaire Exiled.

Paris, Aug. 12.—The permanent court martial at Marseilles has sentenced Henri Racine, a millionaire perfume distiller of Mentone, to perpetual deportation and payment of costs of the proceedings for supplying essence of nerolia and 500 tons of olive oil through a Lausanne firm to a famous perfumer at Cologne.

Queen Works In Hospital.

London, Aug. 12.—For several weeks Queen Amelie of Portugal, incognito, has been working as a trained nurse in the third London general hospital at Wandsworth, it was learned. Queen Amelie has been working eight hours daily, performing the same heavy tasks as those assigned to other nurses.

Nine Craft Sunk by Submarines.

London, Aug. 12.—The sinking of nine craft was announced. They were the British steamer Oakwood, the Norwegian bark Morna and seven trawlers, the Young Admiral, the George Crabbe, the Illustrious, the Calm, the Frevire, the Welcome and the Utopia. The crews were saved.

Judge W. H. Munger Is Dead.

Omaha, Aug. 12.—Judge William Henry Munger, United States district judge for this district and a resident of Nebraska since 1868, died at his home after an illness of over two years, during which time he has not been able to take his place on the federal bench.

New Commander For Turks.

London, Aug. 12.—The Grand Duke of Macklenburg, according to the Athens correspondent of the Star, has been appointed commander in chief of the Turkish forces in the Dardanelles, succeeding Field Marshall Limon von Sanders.

Teuton Captives Toiling For Czar.

London, Aug. 12.—Official reports forwarded from Petrograd show that upwards of 208,000 prisoners were being employed by various Russian industries on railroads, in agriculture and in other ways.
